>What: A regularly occuring, interactive, online
       gathering to improve coding skills.

>How: Each meeting, we'll focus on a specific concept
      or tool, work in small groups on a coding challenge
      where it can be applied, and then reconvene to see
      different approaches taken and share lessons learned.

>Who:  Anyone who needs to write code to analyze data,
       and who wants to learn.

ALL EXPERIENCE LEVELS WELCOME!!
